

OFFICIAL PRODUCT

ANNOUNCEMENT

A NEW LINE OF HIGHLY DETAILED LOCOMOTIVES

STEALTH

DCC-READY LOCOMOTIVES

Broadway Limited is proud to reintroduce our Stealth series of locomotives. Our Stealth series provides customers with the ability to purchase highly detailed locomotives at a lower price. Stealth series locomotives are DCC-Ready, with the ability to install aftermarket decoders.

Since Stealth series locomotives are DCC-Ready, certain features will not be included. Stealth series locomotives will not include sound, DCC, or smoke units. Some lighting functions may be limited depending on the capability of the aftermarket decoder installed.

H0 Scale:

(H0 Scale MTC21 motherboard socket)

- Add a 21 pin decoder for DCC motor and light control.
- Add a 21 pin DCC sound decoder for DCC and sound.
- H0 Scale Stealth models will include an 8-ohm speaker already installed. (Except the H0 Scale SD40)

N Scale:

(N Scale Next18 Diesel motherboard)

- Add a Next18 Decoder for DCC, motor and light control
- Speakers will be included in N Scale stealth models
